OUR VISION

KanaCreations is a father daughter initiative, which was started under my late mother's support.

Everyday, every act of ours is done keeping our vision in mind.

- To create employment opportunities for women and instill confidence in them with knowledge of management while practicing each activity on the ground.
- Adopt sustainable practices of reuse, reduce and recycle in our operations, procurement, packaging and lifestyle.
- As we believe in the power and grace of nature, we always keep the person in mind while crafting our products for them sending love, warmth and healing their way,

Fortunately we got experience of working with big retail brands like Fabindia and receiving corporate orders. We were the first to make Soy Candles in the industry and supply to Fabindia across the country. Our Product range includes: Hand poured Candles, Wax Melts, Wax Sachets, Bath Salts & Jute Table Tapestry !

KanaCreations chooses to continuously go back to basics. Asking why behind every choice we make !

While we progress to bring handcrafted ranges of Home fragrance and wellness products we would always operate keeping our vision in mind and provide you with value for money products. Sustainability will always remain the focus for this brand, by providing products that are efficient, safe, and have minimal impact on the environment. As it is a father daughter run business, our core values and vision would always be aligned to the way we have been raised. Give back to society and spread love.

Adapt the pace of nature. Her secret is patience.

Our brand is deep rooted in using traditional wisdom and knowledge to create products and experience. Each piece is handcrafted and so unique in its look and aesthetics. We choose to be in conversation with our customers so that human touch, vibrations and emotions are intact at every step and leave a long lasting memory.

EXPORT ORDERS - EMBARKING ON A GLOBAL JOURNEY

In the heart of our workshop, where passion meets craftsmanship, we've always dreamed of sharing our creations beyond borders. Today, that dream takes flight as we proudly announce our very first export order, a milestone that marks the beginning of a new chapter in our journey.

Each item we craft carries a story, a piece of our heritage, and the care we pour into every detail. Now, these stories are set to cross oceans, to find homes in distant lands where they will weave themselves into new tales.

This order is not just a shipment; it's a bridge between cultures, a connection between hearts. As our sage wax sachets, dough bowl candles, and healing-themed gift items make their way across the seas, we envision them bringing warmth, tranquility, and a touch of serenity to those who receive them.

We are grateful to our new partners across the globe for believing in the quality and essence of our products. This is just the beginning, and we are excited to explore new horizons, to light up more homes, and to share the peace and positivity that our creations bring.

Thank you for being part of our journey. Here's to many more voyages, more stories, and more connections that transcend boundaries.
